WEST POINT
Helicopter Industry Services Inc.

WestPoint Helicopter Industry Services is a Transport Canada Approved Training Organization (ATO) offering over ten TC approved helicopter maintenance type training courses located in Richmond, British Columbia, Canada.

All our instructors come directly from industry, have years of field experience and are current on the type. Their experience and expertise allows the student to learn and benefit from real life maintenance scenarios.

Our team has over 15 years experience in providing both domestic and international training.

We work closely with industry forming partnerships to deliver the most cost effective training solutions possible.

Our goal is to make our courses available to you where and when you need it.

If you have any questions please contact:

Laurie Watkins
